

THERMOFORMING FOR AGRICULTURAL VEHICLES

- **DESIGN COLLABORATIONS**, from the idea to the final part assembly.
- **Customized In-house SHEET EXTRUSION** up to 2000mm width.
- **OUTDOOR** use parts in ABS/PMMA in gloss and matt.
- **INTERIOR** use parts in ABS, ASA, TPU in matt and/or embossed finishing.
- **READY TO ASSEMBLE** solutions. Including insertions, electric components and reinforcements.
- **RECYCLED MATERIALS:** Used accordingly to customer requirement. Circular and sustainable solutions.
